Dear Mr. Fox:

Re: Follow-up to January 7, 1992 Meeting, Permitting Requirements for Saltair Mine Property, M/035/005, Salt Lake County, Utah

This letter is provided to memorialize our understanding of the agreements and commitments made during our January 7, 1992 meeting. As you will recall, the intention of the meeting was to discuss permitting requirements for the Saltair Mine property recently purchased by Kennecott Utah Copper (KUC) from Morton Salt Company. For your reference, I have attached a copy of a Division file memorandum which was prepared to document the results of that meeting.

As agreed upon during the meeting, the Division anticipates receipt of a conceptual plan(s) for continued use of the Saltair properties no later than March 9, 1992. A date for receipt of a finalized plan will be established once the Division completes its review of the conceptual plan.

Thank you for your continued cooperation in completing this permitting action. Please contact me or Holland Shepherd should you have questions or concerns regarding these requirements.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
